Excerpt: . . . Because NASAs guidance was not specific, we established the following as criteria in performing our review to represent the types of documentation needed, at a minimum, to adequately describe the peer review process: Information (such as names, titles, and organizations and signed statements of non-conflict of interest) to show that the peer review panel was qualified and independent. Information on each reviewers rating evaluation of the proposals technical merit and potential to succeed. Individual ratings should support that the overall rating evaluation was reasonable and consistent. A copy of the final, overall rating evaluation supporting the selection including a statement that justifies the rating. Status of Grant File Documentation. None of the grant files for the 108 sampled grants that were peer reviewed contained the peer review documentation required by NPG 1441. 1C or the type of documentation we considered adequate support for the award. Some grant files for grants that were...
