This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2005 in the subject Business economics - Banking, Stock Exchanges, Insurance, Accounting, grade: 1,0, Technical University of Darmstadt (Department of Banking and Finance), course: Venture Capital and Private Equity, 53 entries in the bibliography, language: English, abstract: In the last decades venture capital has emerged as the major source of financing for young and innovative firms, replacing more and more bank credits, but also creating a new market niche for start-ups with a high risk of failure that may create substantial returns. With success stories of companies like Apple Computer, Intel, Federal Express, Microsoft, Sun Mircosystem, Compaq or SAP, this form of funding is meanwhile widely accepted. In the late 1970s the venture capital industry increased dramatically in the United States. In contrast, the venture capital sector in continental Europe used to be a very small market up to 1990. Figure 1 in the appendix shows the development of funds committed to independent US and European venture capital funds.1Today the venture fund market in Germany has reached a managed fund size of US\$ 43 billion, an increase of 13.2 percent in regard to the previous year.2Therefore venture capital plays a crucial role in respect to innovation of an economy and has significant positive effects on society and a country s economy. According to Sahlmann (1990) the term venture capital is defined as a professional managed pool of capital that is invested in equity linked securities of private ventures at various stages in their development . Gompers and Lerner (2001a) limit the definition to investments in privately held, high growth companies. Originally, the intent of venture capital is to finance young innovative...
