We are passed of as simple fans who really don t know to much. The media, with all their experts, reports, opinions, and speculations are often times not the truth. For the first time the fans of Michael Jackson will speak out. False reports and rumors are exposed in this book and the Author provides in indepth look at the media theories and speculations. The fans finally have a book that expresses what they know to be the truth about The Icon of Music Michael Jackson. The Author takes you through Michael Jackson life from the viewpoint of a fan. Backed by intense research and interview from noted film-maker and defense witness for Michael Jackson Larry Nimmer who also wrote this about the book. You ve done excellent research and there were some things that I learned that I didn t know. It was interesting what you had to say about the accusers and about his dad, Joe Jackson. I liked your comparison that Americans will sleep with animals in their bed but they are not accused of bestiality. good comparison. You ve presented a convincing story about people who fabricated stories for personal gain, including the media, at the expense of Michael Jackson. great job and very interesting. Larry Nimmer.
