Pearson, United States, 2013. Hardback. Book Condition: New. 3rd. 297 x 224 mm. Language: English . Brand New Book. Chemistry: A Molecular Approach with MasteringChemistry(r), Third Edition is an innovative, pedagogically driven text that explains challenging concepts in a student-oriented manner. Nivaldo Tro creates a rigorous and accessible treatment of general chemistry in the context of relevance and the big picture. Chemistry is presented visually through multi-level images macroscopic, molecular, and symbolic representations helping students see the connections between the world they see around them (macroscopic), the atoms and molecules that compose the world (molecular), and the formulas they write down on paper (symbolic). The hallmarks of Dr. Tro s problem-solving approach are reinforced through interactive media that provide students with an office-hour type of environment built around worked examples and expanded coverage on the latest developments in chemistry. Pioneering features allow students to sketch their ideas through new problems, and much more. This revision also expands the resources available in MasteringChemistry with a new Self Assessment Quiz feature and new enhanced end-of-chapter questions with added feedback for students. 0321920643 / 9780321920645 Chemistry: A Molecular Approach Plus MasteringChemistry with eText -- Access Card Package with Student Solutions Manual Package consists of: 0321813642 / 9780321813640 Student Solutions Manual for Chemistry: A Molecular Approach 0321842928 / 9780321842923 MasteringChemistry with Pearson eText -- ValuePack Access Card -- for Chemistry: A Molecular Approach 0321809246 / 9780321809247 Chemistry: A Molecular Approach.
