Not illustrated. 1922 Excerpt: .In addition to the inspection of materials for gram of construction during 1923, the Bureau of experimental work, has influenced specifications for economical use of available highway materials in II BUREAU OF MACHINERY The Bureau of Machinery was organized in 1911. Its purpose at that time was to receive the surplus value to the State of Illinois, Division of Highways by Department of Agriculture. The allotment of the materials was authorized by a law known as the Ki passed by the Sixty-sixth United States Congress. The work of this bureau has increased and is enumerated as follows: To place in good condition all mechanical appliances which are used in the Division of Highways, State various departments of the State; also the equipment rental to contractors having State or Federal aid roads. To furnish and distribute to the four day organizations and to the Maintenance Bureau such materials, supplied from the surplus war material connection with their work. To repair and distribute trucks which are to be used by townships and State institutions. To maintain a system of inspection of the motor vehicles owned by the Division of Highways. Inspectors to determine whether the equipment is being maintained in a satisfactory manner, and to advise the lessees on the care of equipment under lease. To maintain, under the supervision and direction of the Chief Engineer, a garage for the repair of the various equipment in the respective districts. To keep a system of records of all of the material used by the United States Department of Agriculture, and...
