

New Short History of the Catholic Church (Paperback)

By Norman Tanner

Bloomsbury Publishing PLC, United Kingdom, 2014. Paperback. Book Condition: New. 216 x 135 mm. Language: N/A. Brand New Book. Here is a one-volume history of the Christian people from Pentecost to the present day, with principal focus on the Catholic Church. Having passed AD 2000 it seems appropriate and necessary to have a new short history of the first two millennia of the Christian era. In the last half century there has been a massive amount of research into Church history, published in learned articles and in multi-volume works. Full notice is taken of these recent scholarly initiatives in writing this short account, which is also eminently readable. In each section there is a balance between the institutional and the more directly religious dimensions of the Church - here are some of the elements: bishops, canon law, charity, councils crusades, devotions, heresies, laity, liturgy, martyrs, missionaries, parishes, pilgrimages, popes, prayer, priesthood, religious orders, sacraments, schools, theologians, universities and the *vita consacrata*. The scope is wide; the pace of the narrative is attractive.

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
